# PRESCRIPTION SERVICES PROGRAM

Focus on animal care, not managing prescriptions.

Animal Health International's pharmacy services program makes it easier to manage the medications you use every day. The flexible process streamlines prescription refill ordering, expiration date monitoring, dosage tracking, reporting, billing and more.

Program offers:

- Extensive, available inventory
- Flexible ordering times
- Expiring prescription notifications
- Prescription recall and adverse reaction notifications
- Timesaving prescription templates, tailored by species
- Verbal authorizations available over the phone when you're on the go
